Personal 1 on 1 lessons

Type of lessons: 3D design, web development, and data science

3D design: Pick what you would like to learn how to design. Once done we'll work out a date and get to the fun part LEARNING!

Web Development: You will learn how to make your own website just like this using html, css, and javascript!

Power of Python: Using Python we can go through text files and organize them or make a game like tic tac toe

Events

Birthday parties, weddings, any type of gifts

If you're in or near Broward I can come with my printer and print live for an awesome showcase. With this I can also have other pre-printed objects for smaller hand outs.

Experience

3D design and Python class at the High School level (2021-2022). Along with a Fusion360 certification

Introduction to Computer Programming For Dual Enrollment (2022)

Computer Literacy for Dual Enrollment (2022)

AP Computer Science Principals at the High School level (2022-2023)

Employed at CodeNinjas October 2022-Current

Created 3D design curriculum for Summer camp at CodeNinjas

Introduction into Engineering (2024)

C++ (2024)
